

## Event Information

**Facebook event page** Join the facebook event page for interaction with the other co-creators, discussions, project collaborations, ride shares and last minute infos. Search in facebook events for: "Burning Burg 2019".

**Food** Food is not included in the admission. You need to bring enough food for yourselves. There are four fridges in the kitchens to keep your stuff cool. But these are full by friday night.

**Beverages** Beverages are not included in the admission. There will be a pile of beer, water, cola and lemonade waiting for us. Count what you take and pay at the end. Specifics on whom to pay will be found on a sign at the stack. Besides from that, bring what you want.

**Rain** There are plenty kitchens and living rooms indoor to have a great time in. And then there is the big castle room called palas.

**Limitations** Bigger art, domes, community tents... need placing by us. **No PA-Soundsystems if you don't take care of GEMA fees beforehand.** We can't keep you guys from bringing a small bluetooth speaker for your personal enjoyment though.

**Noise** As the castle grounds are surrounded by the town, we need to be quiet outside at night and reasonably quiet at day. Same goes for everywhere in the house. You can be loud IN the palas day and night, but please keep the door closed.

**No art grants and no money for your projects** In order to keep the monetary entry level as low as possible, we only collect the rent plus event insurance from you. As we do not collect an excess to that, we can not have art grants or the like.

**How we organise co-creation** We organise via an online spreadsheet. In

that sheet you find shifts that need to be covered, workshop and activity timeslots, space for workshop and activity explanation. Email me if you have questions about artplacing. Otherwise (if it is legal and not harmful and does not need resources that we would need to pay for): put it in the sheet and do it. Please do not email us your ideas. Skip the email and fill the spreadsheet yourselves. We might ask you for changes though.

## Arrival

**Arrival by car** Data for the GPS: Lutter am Barenberge - Auf der Burg 6

**Arrival by train and bus** The nearest train stations are Salzgitter Ringelsheim and Seesen. Use a rideshare, taxi or bus on demand from there to Lutter am Barenberge. Get off at the Market Square and walk the last 200 meters up to the castle.

**Rideshares** Please post at the FB event page if you need or have a rideshare.

**Parking** NO parking on the castle grounds. The spaces in front of the entrance of the guest house are reserved for loading and unloading. After unloading, please park on the blue-marked areas outside the castle grounds. Please do not block or narrow the road when unloading - our hosts might need it for agricultural vehicles, for them it is a normal working day.

Remember to close the metal gate immediately after passing it, because of the free range animals of the castle farm. The path from the guest house to the rear gate must stay free of parking cars (emergency services access/ farm traffic).

## Castle

**The castle** is run by a commune since the 80s. We will be the only guests.

**Pets** Dogs and other pets are not allowed. The castle is a farm with free range animals.

**Castle Exploration** Don't! You would disturb people at best, and at worst get yourself in some real danger.

## Guesthouse

**The guesthouse** (our accommodation) has four areas, each with a toilet and a kitchen. **Only use the kitchens downstairs please.** If you volunteer to organise cleaning of the upper kitchens, we will open them. There is a bathroom with shower for each area. In addition, there are two showers between the four areas. The rooms are equipped with two to six beds. There are two small and one very big living room. Pots and bigger kitchen tools will be found in the kitchens, but: **THERE WILL NOT be any plates, cups, glasses, forks, knives or spoons. Bring your own.** Leave no trace in the kitchens at all times. Clean your stuff directly after use und take it out.

**Windows** If you open a window, "hook" it fixed please.

**Wood in the house** There is no more wood in the house for the ovens. Do not use the fireplace wood for the ovens.

### **What do I need to bring?**

If you rented a bed: Bedding or a sleeping bag plus pillow

Everyone: Towels, slippers or thick socks . Please do not enter the living area (including corridors, kitchens and living rooms) with street shoes.

Costumes, Art, Instruments and Gifts!

## **Camping**

**Camping area** No cars, no fire. Spaces in front of the entrance of the guest house for loading and unloading. Caravans may be parked on the camping area. Campers **may only park** on the camping area **with a collecting container or a large tarp under the engine and other leaky parts** of the vehicle. There is a toilet house in front of the entrance for the campers, and there are toilets and showers inside the house (see guesthouse).

## **Palas**

**The Palas (Castle Room)** This big room has a stage and a big projection screen. No smoking in the palace. Please be calm in front of the palace at night - let the castle residents sleep. Keep doors and windows of the palace closed at night. ONLY use the ground floor!

## **Camp Fire**

**Camp Fire** There is ONE official, large and cosy fireplace. We will create and burn our Effigy here **if there is no ban on open fires**. No other fires allowed. Bring machetes to chop up the branches.

## **Grocery shopping**

**Shopping** In the castle shop, there is some self-produced food available directly from the castle commune (eggs, juice from their own cider, possibly even sausage - just ask). In walking distance from the castle there is a supermarket which is open Friday and Saturday 7:00 to 20:00. In addition, there are many small shops (bakery, butcher... ) with different opening times.

## **Trash**

Trashcans (black) are at the side of the house. Packing Material has to go into separate yellow bags. These are provided in the kitchens. Please put these besides the trashcans outside. Please collect bottles (Wine/ High Spirits) there too. Use the compost for organic leftovers.

## Co-Creation

**Radical Self Reliance is the rule here too.** Bring what you need to set up and clean up yourselves. **Burning Burg is what YOU make of it.**

## Clean Up

**Leave no trace** Before you leave, please ensure that you swept everything, wiped, rinsed, cleaned up, chopped and replaced ovenwood. **Living rooms, corridors, kitchens, bathrooms, castle room, paths, camping area, campfire and parking area must be clean and ready for the next group when we leave.** Empty returnable bottles you brought have to be taken away again, and glass bottles should be disposed of in the waste glass containers in the village. If more residual waste originates as the bins can accommodate, we can pay for extra garbage bags from the castle people. Only these garbage bags are collected.

## Very Responsible Sober Person

We have one dedicated sober person (visibly carrying a yellow sign) per evening to help you deal with external forces like Police and Emergency Services, if something happens. This person also is the contact for people in distress (eg consent violations).

## Some No-Nos

- **Do not leave anything you used uncleaned in a kitchen.**
- No laser lights allowed.
- We value our privacy at this event, Press or Media are not welcome.
- No filming for documentaries allowed.
- Do not post photos from the event anywhere (else than the secret f-group to which you will be invited, once you attended).

## “Don´ t be a dick”

Please be respectful with the other attendents and the gifts you get. Food offerings for example are gifts. Wait for it to get ready and be thankful IF you get something.

## Liability

Participate at your own risk. You are fully liable for all of your actions.

## Leads and Roles to be filled

Captain Clean Inside Lead	You swish the whip and release your inner Dominatrix to make everyone clean up everything inside the house.
Captain Clean Outside Lead	You swish the whip and release your inner Dominatrix to make everyone clean up everything outside the house – including the parking spaces.
Very Responsible Sober Person	You are the Police and Emergency Services contact if something happens. Needs to be sober on whole shift. Needs to be able to take care of the situation without distractions. Also contact for people in distress (unwanted sexual advances, ...) Should stay up late.
Set Up Help for benches and tables	You help to carry and set up the foldable banks and tables. You find these in the palas. Set them up in front of the house.
Effigy Build Lead	You build the Castle Effigy to be burned on Saturday night. You make a plan, organize material, and build the thing.
Effigy Build Help	You help the Build Lead to build the Effigy.
Temple Build Lead	Saturday). You make a plan, organize material, build the thing and take care of LNT.
Temple Build Help	You help the Build Lead to build the Temple.
Gate (& Greeting)	You check newcomers of the List, explain how everything works and greet them in oppulent ways (if that's your thing). Attention required.
First Timer Guide Moderator	You are the trainer for this workshop. You prepare about an hour of first timer guidance for BM, Nowhere and burns in general and you teach. Saturday – 20:00h - Front of House.
Fire Conclave	Does the magical fire dance before the burn
Fire Security Lead	Securing the burns with a fire extinguisher in hand. Takes lead role in case of fire emergencies.
Beverage Lead	Orders a stack of beverages to be delivered from a local vendor on thursday and taken back on sunday. Collects money from everyone on sunday and pays the vendor.
